**THE REFERRAL RESOURCE GUIDE.com**

Greetings and Welcome to the **Spring Edition 2012 of The Referral Resource Guide!** This is going to be a fun spring and summer with the FW Cats giving tickets away if you have a copy of the Guide with you!!! Check page 14 for details.

We all have to call on service providers when we need help, preferably those we can really rely on and trust but how do we know who to call? **We want to do business with people that we know, like and trust, right?** It would be great to establish relationships with companies who care about how they treat their customers.... We've taken the guess work out of it and brought them together for you in **The Referral Resource Guide!**

Brenda Ryan  
FOUNDER / PUBLISHER

The commitment of this Guide is to offer you "**businesses with integrity.**" These advertisers are pre-screened and have passed the **required qualifying process.** These companies are **reputable and reliable** as established through the 3-5 referrals and interviews necessary to advertise. Businesses can not just pay for advertising in this Guide, they must prove that they are **trusted and credible.** Our Guide's core values are not based on individual transactions, but based on long term relationships within the community we serve. You can be assured of the **integrity, character and work ethic** of each company represented because of this stringent policy.

It means everything to develop relationships with people we can **depend on and trust.** It's not enough that companies just provide a product or service, these businesses are **committed to exceeding your expectations and serving you, their customer.** They share a strong sense of **pride and passion** for their work. Giving the community this referral-based publication is necessary and important because it's the standard we all want in the services we all need.

#### We are committed to excellence.

Know when you utilize these businesses, that a portion of the proceeds are given to Heifer International, a world hunger relief program dedicated to ending world starvation (p. 33).

I want to thank these advertisers for their **demonstrated expertise and integrity** in their specialized service fields, as they serve the Greater Fort Worth Area.

with kind regards,  
Brenda

Janet gave me a Guide and I read about how you require that all businesses who advertise within your Guide must pass a screening process. I think that this is an excellent rule of thumb and I commend you for doing this, as so many other publications/guides don't care at all about their advertisers' credibility, they just want their money.

When my truck was damaged by a hit-and-run driver, I took it to **Haws Paint and Body Shop** in The Referral Resource Guide, at Brenda's suggestion. Since the insurance company wouldn't authorize a new quarter panel, they were able to repair the caved in panel and paint it to match perfectly. They are a very courteous, professional shop and deliver on time, with excellent quality and a Lifetime Warranty.

## ENDORSEMENT

Brenda, I just wanted you to know how much this has helped my business. Ever since I've been in your guide it has helped solidify jobs that some may have been hesitant to move forward with. Due to the circulation I've picked up work in areas that I have not traveled to, and due to the reputation of **The Guide** these calls coming in are not cold calls but genuine "I need your help" calls and they are comfortable in allowing me to assist them. Unfortunately, in these days there are a lot of fly-by-nights, but **The Guide** has pushed me above those.

Thank you

## WHAT TO LOOK FOR IN A RELIABLE CONTRACTOR

- They can provide you with referrals.
- They provide you with a written estimate.
- They have a good attitude and will work with you to resolve any issues.
- They display professionalism and quality workmanship.
- They guarantee their work.
- They are dependable and show up when they say they will or call if scheduling becomes a problem.
- They will be fair with their prices, not necessarily the cheapest. The work will have integrity.
- They do not ask for entire payoff amount before the completion of the job.

### ENDORSEMENT

I have a beautiful Lexington cherry desk with a custom glass top that had begun to show a bit of wear from daily use. I hated to spend thousands to replace it for a cosmetic problem, but it wasn't something we could repair ourselves. I was thrilled when I received a copy of **The Referral Resource Guide** and found **Furniture Medic**. I felt confident knowing that all the advertisers are pre-screened and qualified. Bill Ferguson did a beautiful job of repairing and renewing my desk right in my home office and now I can just enjoy it and focus completely on my work. Priceless!

My sincere thanks,

## ENDORSEMENT

We had an electrical short under our house that was very difficult to locate. After having three different companies come to the house, they either did not come back, call or honor the next appointment. Through my company's association with various organizations, I contacted **Contact Electric**. They not only showed up as scheduled but the crew worked diligently to find the problem, fixed it and effectively communicated what was needed to be done. I absolutely and highly recommend **Contact Electric** to **The Referral Resource Guide** and anyone who needs electrical work done on their home or business.

Sincerely,

## ENDORSEMENT

When my family relocated to Fort Worth last year I needed a resource to help me find services in my area. **The Referral Resource Guide** was a great tool in leading me to locate veterinary services for my dog. **A-Animal** clinic made us feel so secure and welcomed us as new patients. Because of this great experience I will use the Guide in the future for any service I may be in need of. I trust the businesses that are featured and know that I will always receive prompt, courteous and professional attention from them. Whether you are new in town or have lived here your whole life this little book can help you find what you are looking for!

## Heifer International

Heifer was founded on a simple belief: ending hunger begins with giving people the means to feed themselves. Today, millions of families in 115 countries have been given the gifts of self-reliance and hope. Every family and community receiving animals also receives training in environmentally sound, sustainable agriculture. Recipient families pass on the gift by sharing one or more of their animals' offspring with other struggling families. Each recipient becomes a donor. This process enhances self-esteem, ensures program continuity, builds solidarity and multiplies the benefits of the original gift for generations to come.

A portion of the proceeds from this publication will be donated to Heifer International.
